

THE

Archimedeian

FREE

At last – a magazine for everyone who is a user of Computer Concepts' products. The Archimedeian is packed full with information about how to get the best out of our products.

There are at least four issues of Archimedeian each year and it is completely free to all owners of Computer Concepts' Archimedes products. All you have to do is return the Registration Card that comes with this package. And remember – only registered customers have free use of our Help Desk and upgrade service.

The Archimedeian gives you:

- ★ Information on new products from Computer Concepts – we're constantly expanding our product range for the Archimedes and may be about to introduce something that you will find invaluable.
- ★ Advance notice of product upgrades – when products are enhanced, the Archimedeian tells about the new features, when the upgrade will be available and how to get a copy.
- ★ Hints and tips – rapidly proving to be a very popular feature. Where some-one has a good idea on getting more from our products, the Archimedeian passes it on to you.
- ★ Background information on the Archimedes. A recent issue had a article about the fonts system used by Acorn in the Archimedes.
- ★ Design information; especially useful if you have either of our document processors, Impression and Impression Junior. A recent issue of the Archimedeian described how to use borders for maximum effect.
- ★ Which computer shows Computer Concepts are attending. (Useful if you want to see any of our products demonstrated or if you just want to talk to us.)

This is not a cunning "introductory offer" – the Archimedeian is completely free to our customers. We believe that the Archimedes is the best computer on the market and that Computer Concepts produce the best products for the Archimedes. That means helping you, as one of our customers, to get the most from the Archimedes and from our products. The Archimedeian is our way of keeping in touch.

The Archimedeian is completely free to all owners of Computer Concepts products. Just return the Registration Card to be automatically put on the mailing list for the next copy.

Our mailing list is used only by ourselves – we don't sell the names and addresses of our customers to other companies. So if you register, you won't be able to blame us for all those mail-shots for timeshares in Spain or offers to lend you money.
